

IMB Centre for Inflammation & Disease Research Symposium

The event will include sessions on

Macrophages and fibrosis

Imaging inflammation

Cellular and molecular mechanisms of inflammation

Inflammation at mucosal surfaces

Inflammation and therapeutics

Invited speakers

Judith Allen - University of Manchester (**keynote**)

Jake Begun - The University of Queensland

Irina Caminschi - Monash University

Liz Hartland - Hudson Institute of Medical Research

Michael Hickey - Monash University

Katharine Irvine - The University of Queensland

Bostjan Kobe - The University of Queensland

Andreas Suhrbier - QIMR Berghofer

Claire Wainwright - Royal Children's Hospital

Ian Wicks - WEHI

Where

UQ Institute for Molecular Bioscience
306 Carmody Road, St Lucia, Brisbane

* This symposium will be held on the Friday before the Australasian Society for Immunology Annual Scientific Meeting (27 Nov - 1 Dec), also being held in Brisbane.

Friday
24 Nov*
9am - 6pm
