CREATE CHANGE

You are invited to join The Director's Circle

The Director's Circle is a community of people who help advance research impact through philanthropy. Their annual donation of \$1000 or more, supports passionate researchers at UQ's Institute for Molecular Bioscience who are driven to solving the problems of today.

As our philanthropic partner, you help create lasting global change.

As a member of The Director's Circle you will have an opportunity to develop a rich connection with the Institute, as you join our dedicated researchers on their quest to bring solutions to our community.

Your philanthropic investment with our Institute will be recognised through a membership that includes a number of exclusive invitations and VIP updates.

Join us on our journey to create life-changing solutions.
